New York Legal Research provides an alternative to the excellent, but often lengthy, legal research books that take a bibliographic approach to this dynamic lawyering skill. The goal of the second edition continues to be to explore concisely both the sources of New York state law research and the process of conducting research using those sources. New to the second edition is a chapter on New York City law.

The book begins with an overview of the legal research process and an introduction to research techniques using print and online media. Then the book turns to secondary sources, recognizing these sources as the entry point for most new research projects. Next, New York Legal Research addresses primary authority, with chapters dedicated to case law, enacted law (statutes, constitutions, local law, and court rules), and administrative law. Additional chapters cover legislative history, updating with KeyCite and Shepard's, legal ethics research, and research strategies and organization. An appendix explains legal citation, with information on the national citation manuals, the ALWD Citation Manual and the Bluebook, and on citation by New York courts following the New York Law Reports Style Manual.

Most chapters contain outlines with step-by-step guidance for research in various types of legal resources. The book also includes short excerpts and screen shots from important sources. Discussions of legal analysis are kept brief but included as necessary to show the crucial connection between research and analysis. While the concentration of New York Legal Research is state research, concise descriptions of federal resources are included throughout.

This book is part of the Legal Research Series, edited by Suzanne E. Rowe, Director of Legal Research and Writing, University of Oregon School of Law.

Is it an individual who having spare time subsequently spend it whole day simply by watching television programs or just lying down on the bed? Do you need something new? This New York Legal Research (Carolina Academic Press Legal Research) can be the answer, oh how comes? The new book you know. You are and so out of date, spending your spare time by reading in this brand-new era is common not a geek activity. So what these publications have than the others?

Jacki Peters:

As a university student exactly feel bored to be able to reading. If their teacher inquired them to go to the library or make summary for some book, they are complained. Just minor students that has reading's heart and soul or real their leisure activity. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading seriously. Any students feel that reading through is not important, boring and also can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this New York Legal Research (Carolina Academic Press Legal Research) can make you really feel more interested to read.
