The Talking Cure

Christopher Hampton

The Talking Cure Christopher Hampton

Overshadowed by portents of the coming wars, Zurich and Vienna are the setting for this tale of emotional vicissitude and intellectual debate. *The Talking Cure* is an intimate picture of the birth of psychoanalysis and of two intense and inextricably interwoven relationships. Carl Jung uses Sigmund Freud's "talking cure" on Sabina, a young Russian hysteric with whom he will fall in love. Impressed with Jung's results, Freud anoints him his successor, but when Jung develops his own theories they part ways. Sensitive and intelligent, *The Talking Cure* illuminates the origins of one of the twentieth century's most influential schools of thought.
