Hal Drummond's simple life running a successful marine salvage business is shattered when a mysterious and wealthy European aristocrat offers him a job at a price he can't refuse. A simple search and salvage operation soon turns into a desperate race against time as Hal is unwittingly drawn into an ancient battle that threatens to tear his own world apart. In a maelstrom of betrayal and heartbreak his quest for the truth pits him against ruthless assassins and powerful hidden forces that, paradoxically, both protect and threaten his very survival. From the glamour of St Tropez and the Caribbean to the harsh cruelty of the North Sea, Hal's fight for answers leads to tragedy as he uncovers a conspiracy that not only devastates his own life but casts light in the dark shadows that drive the very foundations of modern European politics. Shadows that hide a secret that will shake the very beliefs of the entire Western world.
