How to Scalp the Mini DAX Futures?

Thanks to the introduction of the Mini-DAX futures (FDXM) private traders with smaller accounts are afforded the opportunity to scalp the German DAX Index to professional terms. Unlike most other trading instruments, Futures are the most transparent and effective way to make money in the financial markets.

Scalpers have infinitely more trading opportunities than position traders or day traders, which constitutes the real strength of this trading style. A scalper may therefore manage his capital much more effectively than all other market participants and thus achieve much greater returns than would otherwise be the case.

The HeikinAshi Trader shows in this book how to successfully scalp this new future on the DAX. You will learn how to enter the market, how to manage your position and at which point you should back out. In addition, the book contains a wealth of tips and tools to make your trading even more effective and precise.
