A Modest Apostle: Thecla and the History of Women in the Early Church

Susan E. Hylan

A Modest Apostle: Thecla and the History of Women in the Early Church Susan E. Hylan

Scholars and mainline pastors tell a familiar narrative about the roles of women in the early church—that women held leadership roles and exercised some authority in the church, but, with the establishment of formal institutional roles, they were excluded from active leadership. Evidence of women's leadership is either described as "exceptional" or relegated to (so-called) heretical groups, who differed with proto-orthodox groups precisely over the issue of women's participation. For example, scholars often contrast the Acts of Paul and Thecla (*ATH*) with 1 Timothy. They understand the two works to represent discrete communities with opposite responses to the question of women's leadership.

In *A Modest Apostle*, Susan Hylan uses Thecla as a microcosm from which to challenge this larger narrative. In contrast to previous interpreters, Hylan reads 1 Timothy and the *ATH* as texts that emerge out of and share a common cultural framework. In the Roman period, women were widely expected to exhibit gendered virtues like modesty, industry, and loyalty to family. However, women pursued these virtues in remarkably different ways, including active leadership in their communities. Reading against a cultural background in which multiple and conflicting norms already existed for women's behavior, Hylan shows that texts like the *ATH* and 1 Timothy begin to look different. Like the culture, 1 Timothy affirms women's leadership as deacons and widows while upholding standards of modesty in dress and speech. In the *ATH*, Thecla's virtue is first established by her modest behavior, which allows her to emerge as a virtuous leader. The text presents Thecla as one who fulfills culturally established norms, even as she pursues a bold new way of life.

Hylan's approach points to a new way of understanding women in the early church, one that insists upon the acknowledgment of women's leadership as a historical reality without neglecting the effects of the culture's gender biases.
