## Astonishing Diversity of Natural Surfactants CD-ROM

This CD-ROM, **Astonishing Diversity of Natural Surfactants** is a compilation of seven review articles by Dr. Valery M. Dembitsky that were originally published in the journal *Lipids*. Over 2,000 separate compounds of interest were grouped into seven broad classes of amphipathic molecules that have known biological activities, with potential pharmaceutical, medicinal, cosmetic, and food science applications that cut across many scientific and industrial disciplines. Those in any of the chemical, biochemical, or medical fields will find this compilation to be a great convenience in obtaining references and comments on potential applications of these compounds. This CD incorporates new text-searching software allowing easy and convenient access to information.
