Horia Metiu

Physical Chemistry: Quantum Mechanics Horia Metiu

This is a new undergraduate textbook on physical chemistry by Horia Metiu published as four separate paperback volumes. These four volumes on physical chemistry combine a clear and thorough presentation of the theoretical and mathematical aspects of the subject with examples and applications drawn from current industrial and academic research. By using the computer to solve problems that include actual experimental data, the author is able to cover the subject matter at a practical level. The books closely integrate the theoretical chemistry being taught with industrial and laboratory practice. This approach enables the student to compare theoretical projections with experimental results, thereby providing a realistic grounding for future practicing chemists and engineers. Each volume of Physical Chemistry includes Mathematica® and Mathcad® Workbooks on CD-ROM.

Metiu's four separate volumes-Thermodynamics, Statistical Mechanics, Kinetics, and Quantum Mechanics-offer built-in flexibility by allowing the subject to be covered in any order.

These textbooks can be used to teach physical chemistry without a computer, but the experience is enriched substantially for those students who do learn how to read and write Mathematica® or Mathcad® programs. A TI-89 scientific calculator can be used to solve most of the exercises and problems.

® Mathematica is a registered trademark of Wolfram Research, Inc.

® Mathcad is a registered trademark of Mathsoft Engineering & Education, Inc.

From reader reviews:

Joseph Tucker:

Do you have something that you prefer such as book? The guide lovers usually prefer to select book like comic, short story and the biggest you are novel. Now, why not striving Physical Chemistry: Quantum Mechanics that give your fun preference will be satisfied simply by reading this book. Reading behavior all over the world can be said as the opportunity for people to know world a great deal better than how they react towards the world. It can't be stated constantly that reading habit only for the geeky individual but for all of you who wants to possibly be success person. So, for all of you who want to start studying as your good habit, it is possible to pick Physical Chemistry: Quantum Mechanics become your current starter.

Gregory Morrow:

Would you one of the book lovers? If yes, do you ever feeling doubt when you find yourself in the book store? Try and pick one book that you find out the inside because don't judge book by its protect may doesn't work the following is difficult job because you are frightened that the inside maybe not seeing that fantastic as in the outside seem likes. Maybe you answer may be Physical Chemistry: Quantum Mechanics why because the amazing cover that make you consider about the content will not disappoint anyone. The inside or content is usually fantastic as the outside or perhaps cover. Your reading 6th sense will directly show you to pick up this book.

Lisa Lee:

With this era which is the greater person or who has ability to do something more are more treasured than other. Do you want to become certainly one of it? It is just simple solution to have that. What you must do is just spending your time almost no but quite enough to have a look at some books. One of the books in the top collection in your reading list is actually Physical Chemistry: Quantum Mechanics. This book which can be qualified as The Hungry Hills can get you closer in growing to be precious person. By looking upward and review this e-book you can get many advantages.

Pamela Eckert:

What is your hobby? Have you heard this question when you got students? We believe that that query was given by teacher to the students. Many kinds of hobby, Everyone has different hobby. So you know that little person like reading or as looking at become their hobby. You have to know that reading is very important in addition to book as to be the thing. Book is important thing to add you knowledge, except your own personal teacher or lecturer. You find good news or update with regards to something by book. Different categories of books that can you take to be your object. One of them is niagra Physical Chemistry: Quantum Mechanics.
