This journal book is Just For Mom's (and Grandma, too). It's about Moms of all ages. Typically, what is handed down from our mothers is both a natural and material inheritance. It is a legacy of genes, behaviors, mannerisms, money, and property. Unless there is some special effort put forth, a lot about Mom is lost upon her death. The purpose of this journal book is for mothers to record their story. It is meant to be a living life gift to their sons and daughters. In this way, mothers can leave a complete legacy, both tangible and intangible, to their children. The journal speaks to the life and times of a mother. It talks about the father of the mother's children. It chats about her pastimes and notable accomplishments. It culminates with Mom's acknowledgements, beliefs, and advice for her children. The journal is styled in a question and answer format. This will help you write down the memories, thoughts, and ideas you wish to share with your children. Please remember, much of what makes up who your children are comes from you, so your story is also their story.
