#### **Kathleen Huckaby:**

As a scholar exactly feel bored to reading. If their teacher inquired them to go to the library or make summary for some guide, they are complained. Just very little students that has reading's spirit or real their leisure activity. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that reading through is not important, boring and also can't see colorful images on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Logic design of digital systems ([Allyn and Bacon series in electrical engineering]) can make you really feel more interested to read.
