Head, Face and Neck Trauma: Comprehensive Management Michael G. Stewart

Thieme congratulates Michael G. Stewart on being chosen by *New York* magazine for its prestigious Best Doctors 2015 list.

Here is the first comprehensive overview of head and neck trauma for the otolaryngologist and head and neck surgeon, with important implications for the oral, maxillofacial, and plastic surgeon as well. From technological improvements in fracture plating to advances in surgical approaches and three-dimensional imaging, this book covers key topics the treating physician must know.

Special Features:

- Emphasis on the multidisciplinary nature of head and neck trauma -- with contributions from experts in otolaryngology, oral and maxillofacial surgery, plastic and reconstructive surgery, ophthalmology, thoracic surgery, general surgery, and radiology
- Evaluation and management of challenging eye trauma injuries
- New facial reconstruction and plating techniques
- Management of common dental and dentoalveolar injuries
- Foundation-building sections on the complex anatomy of the ear, temporal bone, and facial nerve
- Multiple instructive diagnostic images

This is an essential book for all trauma specialists, and an excellent learning tool for the resident or fellow-in-training. Complete and concise, it puts the clinical facts at your fingertips for managing any type of head and neck trauma -- soft tissue, bony, blunt or penetrating, nerve, otologic, ocular, or vascular. Your professional reference collection is not complete without it.

From reader reviews:

Earl Austin:

Do you have favorite book? For those who have, what is your favorite's book? E-book is very important thing for us to find out everything in the world. Each e-book has different aim or perhaps goal; it means that guide has different type. Some people feel enjoy to spend their the perfect time to read a book. They may be reading whatever they get because their hobby is definitely reading a book. Why not the person who don't like looking at a book? Sometime, man feel need book when they found difficult problem or even exercise. Well, probably you will want this Head, Face and Neck Trauma: Comprehensive Management.

Neil Williams:

People live in this new moment of lifestyle always try and and must have the extra time or they will get wide range of stress from both way of life and work. So , if we ask do people have time, we will say absolutely indeed. People is human not just a robot. Then we consult again, what kind of activity are you experiencing when the spare time coming to anyone of course your answer will unlimited right. Then do you try this one, reading publications. It can be your alternative inside spending your spare time, the particular book you have read will be Head, Face and Neck Trauma: Comprehensive Management.

Anne Hahn:

In this era which is the greater individual or who has ability in doing something more are more important than other. Do you want to become one among it? It is just simple strategy to have that. What you should do is just spending your time little but quite enough to have a look at some books. One of many books in the top record in your reading list is usually Head, Face and Neck Trauma: Comprehensive Management. This book that is certainly qualified as The Hungry Inclines can get you closer in growing to be precious person. By looking way up and review this e-book you can get many advantages.

Vicki Harris:

As a student exactly feel bored to be able to reading. If their teacher asked them to go to the library as well as to make summary for some e-book, they are complained. Just minor students that has reading's heart or real their pastime. They just do what the teacher want, like asked to the library. They go to there but nothing reading critically. Any students feel that reading through is not important, boring and also can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this Head, Face and Neck Trauma: Comprehensive Management can make you truly feel more interested to read.
