An unprecedented opportunity to learn from the experts at one of the world's most prestigious m-commerce solutions providers

One of the top management and IT consulting firms in the world, Cap Gemini Ernst & Young (CGEY) develops cutting-edge wireless and enterprise IT solutions for many of the Fortune 1000 companies. This book offers application developers and architects, network engineers, and other IT professionals an unprecedented opportunity to benefit from the experiences of key members of CGEY's m-commerce and mobile/wireless groups. Using in-depth case studies detailing recent CGEY wireless projects, the authors share the lessons they've learned about architecting m-commerce applications. They also provide architects with a wealth of practical information on troubleshooting technical solutions within the business deployment infrastructure.

* The first technical book on wireless strategy from one of the "Big 5" consulting firms
* Provides leading technical experiences to help architects troubleshoot solutions from lessons learned from CGEY's finance and commerce projects
