## **Lives of the Necromancers** William Godwin

"The reader should bear in mind, that what is put down in this book is but a small part and scantling of the acts of sorcery and witchcraft which have existed in human society. They have been found in all ages and countries. The torrid zone and the frozen north have neither of them escaped from a fruitful harvest of this sort of offspring. In ages of ignorance they have been especially at home ; and the races of men that have left no records behind them to tell almost that they existed, have been most of all rife in deeds of darkness, and those marvelous incidents which especially astonish the spectator, and throw back the infant reason of man into those shades and that obscurity from which it had so recently endeavored to escape.

I wind up for the present my literary labors with the production of this book. Nor let any reader imagine that I here put into his hands a mere work of idle recreation. It will be found pregnant with deeper uses. The wildest extravagances of human fancy, the most deplorable perversion of human faculties, and the most horrible distortions of jurisprudence, may occasionally afford us a salutary lesson. I love in the foremost place to contemplate man in all his honors and in all the exaltation of wisdom and virtue ; but it will also be occasionally of service to us to look into his obliquities, and distinctly to remark how great and portentous have been his absurdities and his follies." (William Godwin)

**The book has been originally published in 1834. This is a professional reproduction**
