A Penelopean Poetics, Reweaving the Feminine in Homer's Odyssey Barbara Clayton

A Penelopean Poetics looks at the relationship between gender ideology and the self-referential poetics of the Odyssey through the figure of Penelope. She is a cunning story-teller; her repeated rewavings of Laertes' shroud a figurative replication of the process of oral poetic composition itself. Penelope's web is thus a discourse and it can be construed specifically as feminine. Her gendered poetics celebrates process, multiplicity, and ambiguity and it resists phallogentric discourse by undermining stable and fixed meanings. Penelope's poetics become a discursive thread through which different feminine voices can realize their resistant capacities. Author Barbara Clayton's work contributes to discussions in the classics as well as literary criticism, sex and gender studies, and women's studies.
