*She looked at the paper still in her hand and imagines dialling the number written there as soon as she got off the train. If they think I'm living at the dormitory, she thought, they'll go out of their freaking minds.*

*She imagined Pammy's apartment, dim and mellow, with the light bouncing off smooth soft fabrics and cushions. She imagined how it would smell, musty with incense, cooking and the aroma of sex.*

*Soft, warm and friendly she saw it when she closed her eyes. She wondered how many men Pammy had slept with. She tried to imagine the little fragile girl squirming under the massive thrusts of a muscular man.*

*She saw her rutting with all different sizes and races of men. Hairy men and men with bald heads pounded over her. Black men, Chinese men, and Caucasian men crushed Pammy down on the bed and she took them screaming and laughing with delight...*

*She licked her lips and opened her eyes hoping that maybe there would be someone there when she got there, who she could get to know. I'm so tired of being a virgin, she thought to herself.*

Plus-sized Celia has only know a life of study; endless nights at her desk while those around her partied and had fun, and had each other. Who wanted "big Celia" anyway she used to think? And what if her parents think wanting to be a doctor is a waste of time for a woman? So when she receives an offer to stay with an old friend and study in another city she jumps at the chance. Pammy was always the adventurous one, the risqué one... the dirty one. And Celia soon imagines herself transforming her virgin self into one of erotic empowerment... a sexual awakening.

Not long after her arrival Celia is seduced by Pammy's boyfriend, a studdly young man who revels in her curves. And Pammy doesn't mind, for jealousy is passion's destroyer, and swinging is the true liberator. Celia embraces this new-found philosophy to full affect as she gives over very inch and aperture to every one of those who want to dominate her completely. But will a relationship with the resident drug-dealer and her decline into drug use upset her plans for a free life... or will she get even more lascivious?

Written a graphically licentious prose and featuring all manner of MMF same-time rutting, MFF menages, and all manner of deed and device front and back, this story of a girl who wants more and gets more, will leave those a fan of the genre eager for just that.
