Collecting First Editions of Franklin Roosevelt Contributions to an Fdr Bibliography Ernest J. Halter
Reprint of the Chicago: Privately printed for Subscribers only, 1949 edition. Cloth. Pp.xx. 195. This is the most important of the several bibliographies of the life and work of FDR. More importantly, this is a guide for those who collect the works of FDR. The authors included all books, pamphlets and leaflets of more than two pages in length dealing wholly or principally with FDR's life or death, his acts and services, his character, personality, his utterances or writings, his wife, mother, children, ancestry or possessions. They also include books wherein Roosevelt's name appears in the title or sub-title. In all 950 items are included. The arrangement of the books is alphabetical. Most importantly, most entries have a valuable annotation discussing the history and significance of the item. It seems safe to say that this is an indispensable guide for any collector of Rooseveltiana. The work also has an interesting publishing history. The original edition was privately printed for subscribers only. Less than 100 copies were printed. Consequently the book is quite rare. To our knowledge it has not been reprinted. Besterman 5456.
