Digging Deep In The Garden: Book Two (Volume 1) John Walker

PRAISE FOR BOOK ONE: "An intelligent reminder of the joys and responsibilities of gardening. "Putting the brakes on runaway consumerism through 'freeguardening'... rethinking our addiction to high-dependency container gardening... exploring our growing prospects in a topsy-turvy climate... why pulling down garden fences can reboot biodiversity... how local and diverse 'earth centres' could help gardening communities flourish... In this thought-provoking, cage-rattling collection of essays exploring gardening's place in nature, John Walker burrows deep into gardening's subsoil to uproot thorny issues, while encouraging gardeners to see their role as a force for good. This second book of John's earth-friendly garden writing was originally published in Organic Gardening magazine as his long-running and popular series 'Digging Deep'.
